

Hello Nova Parents

My name is Michael Odbert. I'm currently the Lower School (K-5) IT Integrationist (Technology Coach) at ACS Doha International School in Qatar. Prior to taking on this role I was Upper Primary Coordinator, Grade 5/6 Teacher, Robotics Mentor and Grades 1-5 ICT Teacher in Tasmania Australia over a period of twelve years.

It was hard to leave beautiful Tasmania but I wanted to do more than visit other countries on a brief holiday, I wanted to live and work in them. My first International stint was in the UK where I taught briefly as a supply teacher in London before taking on a role as a P.E and Homeroom Teacher In Portsmouth for two years.

My first teaching post was in a small school in country NSW Australia as a Grade 4 Homeroom and Outdoor Education Teacher. I'm very excited to be starting a new role in another new country.

After three years in the desert I'm looking forward to once again hiking In mountains, taking way too many landscape photographs and eating far too much new food. I already feel so welcomed by Russell and NOVA and I'm very much looking forward to arriving in early August to take my place amongst a team of terrific and experienced educators. Learning for life!

Regards,

Michael
